The next edition of EWIC was postponed for a year to avoid clashing with other European scientific meetings. It was organized by Tore Helstrup and hosted by the Norwegian Academy of Science and Letters.

Participants in the Sixth EWIC in Oslo.

The Norwegian Academy of Science and Letters.

Keynote speakers were Marc Marschark (Rochester Institute of Technology), Stein Bråten (Oslo), and Jan Smedslund (Oslo).

A special issue of Volume 11 of the *European Journal of Cognitive Psychology* was published. The guest editors were Tore Helstrup and Robert H. Logie. This issue, entitled "Imagery in Working Memory and in Mental Discovery", reflects the main themes covered at the meeting, but all readers of the *Journal* could submit papers, whether or not they attended the workshop.
